

# Save up to \$2,250 on dependent care expenses this year!

Participating in a dependent care FSA is like receiving a 30% discount from your care providers.

## How does a DCA work?

A dependent care FSA (DCA) is a flexible spending account that allows you to set aside pre-tax dollars for dependent care expenses that allow you to work or look for work. This includes daycares, babysitters and before/after school care.

Choose an annual election amount, up to **\$7,500**/family. This amount will be deducted from your paychecks in equal installments throughout the year.

## Why should I enroll in an DCA?

Child and dependent care is a large expense for many families. If you pay for care of dependents in order to work, you'll want to take advantage of the savings this plan offers.

Money contributed to a dependent care FSA (DCA) is free from federal and most state taxes. On average, participants enjoy a 30% tax savings on their annual contribution, saving up to \$2,250 per year!

## Helpful hints...

- Funds will be made available in your DCA account, as deductions are taken each payroll.
- Your election can only be changed during the plan year if you experience a qualifying event.
- Save your receipts. You may need itemized invoices to verify card swipes or for claim reimbursements.
- If your employment terminates, your account will be terminated.
- Be sure to spend your DCA funds, as unused funds will be forfeited at the end of the plan year.
